MAR PHOTOGRAPHY

Moshiur Rahman

Mr. Moshiur Rahman is a successful and remarkable personality. He has been relentlessly helping out innumerable people in their livelihoods thereby, unceasingly contributing to the welfare of the people and the country. He was born in January, 1961 at the then Nawab Bari Hosne Dalan, Islampur that is now known as Ahsan Manzil in old Dhaka. However, his domicile residence is in Doulatpur, Cumilla, Bangladesh.

He is the fifth among the four sons and three daughters of late Mizanur Rahman and Sufia Rahman. His father, having worked at the British Air Force, before partition, subsequently, endeavoured in the business of printing press. Moshiur Rahman is happily married to Yasmin Rahman and blessed with two sons and a daughter. The eldest son Mehran Rahman works alongside the father in business while the younger son Mahir Rahman completed his degree in Computer Science at the University of British Columbia, Canada. The only daughter Maliha Rahman lives in Canada with her husband as well. Through her father's inspiration, the daughter has mastered the arts of baking and design and established her very own bakery named Pastel Bakes, located in Toronto, Ontario.

Moshiur Rahman got initiated to photography, while at school. In the initial days, he would borrow camera from friends to take pictures and diligently try to learn the multi-faceted aspects of the camera. While in class eight, he bought a camera for himself. Among the family members, his father used to encourage him the most in photography. At that time, negatives were used, which then, needed to be printed into a photograph. Thus, he would embrak on travels with a stock of film rolls at his disposal. However, due to strenuous involvement with business, he had to take a temporary respite from photography during 1995 – 2009. But, can someone who loves and lives with photography, remain aloof from it for long? Thus, he renewed his passion for photography in 2010. In 2011, while on a tour to Maldives, he again started professional photography.

Besides photography, he is the corner stone of Paragon Group, one of the leading business establishments in Bangladesh. He started off with the business of printing press, however, subsequently, he went on to study the know-hows of agriculture and started poultry business. Apart from press and poultry, the business has expanded in poultry and Animal feed, tea, flour mill, fisheries, dairy farm, milk processing, consumer foods, plastics, export quality shoe manufacturing, renewable energy (solar and bio-gas), organic fertilizer etc and health service sector also.

In terms of photography, Moshiur Rahman believes that mere effort is not enough. It is necessary to have a synchronization with the subject. He reminisces of the places he had travelled to, when he was young and didn't have a camera; but the images of moments on those places still alive and seem to be the most beautiful.

Moshiur Rahman's passion and dedication towards photography became evident while in class ten. On a visit to India, he witnessed the dance of a peacock. Amazed at the stunning display of colours and beauty, he had made up his mind that he would capture the beautiful moments in the canvas of photographs for people to show such beauty. Thereafter, he travelled to Taj Mahal and took photographs. Now, he finds pleasure through travelling and makes it more memorable by his passion, photography. His wife accompanies him on his travels and encourages him more in his photographic endeavours.

PHOTOGRAPHY & PASSION

Photography is my passion and this passion stems from the desire to capture a moment in time, share the beauty of the world and the ability to narrate the story of life:

A MOMENT IN MEMORY

A photograph lets you capture a moment forever. There are many moments that make our lives memorable; and to etch those memories in the canvas of our life, a photograph lets us relive those moments with fondness and share those moments later with our dear ones.

BEAUTY OF THE WORLD

Beauty lies in the eyes of the beholder. Once you start noticing details, you inevitably start to appreciate how much beauty is all around you. The beauty, the world has to offer, lies in the most ordinary or unexpected of places. Nature's beauty can be found through its amazing landscape and wildlife. Beauty is also depicted in the splendour of man-made structures. Thus, a photograph lets you to know and appreciate the wonderful wonders of the world.

NARRATING A STORY

Photography is a wonderful story-telling medium. A photograph tells a story, a story of people, cultures, festivities, places, nature and wildlife; in short, it narrates the story of life and living. The possibilities seem to be endless. Just ask yourself what story you want to tell, and photography will help you in narrating that story.

BANGLADESH

April, 2018

Pohela Boishakh, Bangladesh

The Pohela Boishakh celebration is not complete without flowers. A woman and her daughter are making flower garlands in the hopes of selling them.

April, 2018

Pohela Boishakh, Bangladesh

Kids and artists are performing traditional dances in the Pohela Boishakh Celebration.

PHOTOGRAPHY

April, 2018

Pohela Boishakh, Bangladesh

Colorful celebrations by the people of Bangladesh in Pohela Boishakh on the streets of Dhaka.

April, 2018

Pohela Boishakh, Bangladesh

Pohela Boishakh is a day of celebration for Bengalis. A mother and her daughter were delighted, as revealed by their smiles, during such a joyous occasion.

PHOTOGRAPHY

April, 2018

Pohela Boishakh, Bangladesh

Exciting celebrations by the people of Bangladesh in the Boishakhi Mela (Fairs of Boishakh).

April, 2018

Pohela Boishakh, Bangladesh

Wearing a floral crown on Pohela Boishakh is an aesthetic attire for Bengali girls. These beautiful moments were photographed on the streets of Dhaka during the festival.

PHOTOGRAPHY

November, 2018

Sylhet, Bangladesh

Shaplar Beel is famous for thousands of blooming pink water lilies. Visitors enjoy the place by touching the flowers and picking their own.

May, 2019

Bangladesh

Aerial photographs of beautiful Bangladesh, a land rich in agriculture and rivers, as well as a country embracing green power technology.

May, 2019

Ratargul, Sylhet

The Ratargul Swamp Forest in Sylhet is one of Bangladesh's natural wonders. It is the largest swamp forest in Bangladesh, and one of the few freshwater swamp forests in the world.

May, 2019

Dhaka, Bangladesh

People are waiting to enjoy traditional events (Nouka Baich) from the river bridge and riverside.

November, 2019

Sorupkathi, Bangladesh

Swarupkathi, which is renowned for its guava, has numerous minor rivers and canals that play a crucial part in the fruit's transportation.

November, 2019

Canal of Bangladesh

The small canals are teeming with indigenous fish. That is why nets are regularly cast for fishing along canals. These crafted nets have an artistic touch.

PHOTOGRAPHY

August, 2020

Kantajew Temple, Dinajpur, Bangladesh

Kantajew Temple belongs to the popular Hindu god Kanta or Krishna and is most popular with the Dinajpur assembly of memorable lovers of Radha-Krishna in Bengal, which was built by Maharaja Pran Nathin in the 18th century.

August, 2020

Narayanganj, Bangladesh

When the sun sets in the evening sky at twilight, the sky turns a beautiful golden red. The boat's passage between the river and the sky enhances the magical beauty of the scene.

PHOTOGRAPHY

August, 2020

Kuakata, Bangladesh

Kuakata Beach is one of the first choices for Bangladeshi travelers. Deep-sea fishing trawlers often anchor here. People enjoy going down into the water of the sea; some of them play different games, including football.

August, 2020

Kuakata, Bangladesh

A young boy in Kuakata is playing football and splashing around in the ocean. The scene of him diving into the water and resurfacing is truly lively.

PHOTOGRAPHY

August, 2020

Sadarghat, Dhaka, Bangladesh

The Buriganga River is even more beautiful at night. Advertising lights on top of buildings on either side of the river reflect in the water and make the river come alive.

August, 2020

Sadarghat, Dhaka, Bangladesh

In the darkness of the night, launches in Sadarghat appear magical. They are so close together that even young hawkers can jump from one platform to the next, albeit at great risk.

August, 2020

Sadarghat, Dhaka, Bangladesh

People wait at the Sadarghat launches prior to the departure of the launches. Some passengers stand while others sit on the adjacent bench.

August, 2020

Kuakata, Bangladesh

Kuakata is a place of seclusion that you'll hardly find anywhere else. A combination of natural beauty, an endless beach and the sea on the Bay of Bengal, and the hinterland, solitude, and mangrove forest.

August, 2020

Kuakata, Bangladesh

When the water recedes from the beach during low tide, numerous red crabs are seen drawing enormous red lines all across the entire beach. It seems the crabs are relishing the freedom to roam around the beach.

August, 2020

Kuakata, Bangladesh

Aside from watching the sunrise in Kuakata, the sunset view is also quite heavenly. As the boat sails out to sea in the twilight glow, the scene looks like a melancholy beauty.

August, 2020

Kaptai Lake, Rangamati, Bangladesh

Fishing is one of the major occupations of the people around Kaptai, the largest freshwater lake in Bangladesh. In a bright sunny day Fishermen were fishing by net on their own boat.

May, 2019

Kaptai Lake, Rangamati, Bangladesh

The Rangamati people rely on the water from Kaptai Lake to survive. They travel between locations by boat, and women wash their dishes in its waters. Solar refraction on the surface makes the scene magnificent.

May, 2019

Sangu River, Bandarban, Bangladesh

The Sangu River in Thanchi, Bandarbans, is one of Bangladesh's natural wonders. The Sangu River flowing through Thanchi has numerous rocks, which are the main attraction for tourists. Locals use the river to communicate by boat.

Mammillaria

Crassula

Gymnocalycium

Easter Lily Cactus

March 2020

Bangladesh

Although the cactus family of flowers is not native to Bangladesh, people here love these flowers very much. Especially the aesthetic Woolly Nipple Cactus, Hoya Carnosa, and Chin Cactus bring added pleasure to the eyes.

Slipper Orchid

March 2020

Bangladesh

A close shot of a beautiful flower commonly known as the slipper orchid.

Moth Orchid

Barrel Cactus

Pink Moth Orchid

Vanda

March 2020

Bangladesh

A few photographs of some absolutely stunning flowers: Orchids, a Waling-Waling, and a Golden Ball Cactus.

Fsh Hook Cactus

March 2020

Bangladesh

Mammillaria elongata, the gold lace cactus or lady finger cactus, is a species of flowering plant in the family Cactaceae, native to central Mexico. People in Bangladesh love this flower and plant it in their gardens.

Crinum Lily

March 2020

Bangladesh

Crinum flowers before full bloom. The flower is also known as Poison Bulb, Crinum Lily, and Sukhdarshan in Bangla.

Vanda

Skullcap

Spider Cactus

Opuntia araucana

March 2020

Bangladesh

A few photographs of some absolutely stunning flowers: Pink Orchids, Lipstick Plant, Chin Cactus.

Mesa Verde Cactus

March 2020

Bangladesh

The chin cactus is a wild natural beauty. It blooms at the beginning of spring and ends in early summer. It produces flowers that bloom freely in the spring and summer.

PHOTOGRAPHY

Balloon Cactus

March 2020

Bangladesh

The balloon cactus is an eye-catching flower. By removing pollutants from the interior air, the plant contributes to the improvement of indoor air quality and the purification of the air.

March 2020

Bangladesh

Two snails on banana leaves. They appeared to be taking a break, perhaps even conversing with one another in their native tongue.

PHOTOGRAPHY

June, 2018

Moscow, Russia

Postnik Yakovlev is most famous as one of the architects and builders of Saint Basil's Cathedral on Red Square in Moscow. It's one of the most fascinating attractions for tourists, along with St. Volodymyr's Cathedral, which is a famous example of Neo-Byzantine architecture.

June, 2018

Kazan, Russia

The Kul Sharif Mosque is located in Kazan, Russia. The construction of the mosque started in 1996. The aim of the architects and builders was to recreate the ancient mosque of the Kazan Khanate that was destroyed in 1552.

June, 2018

Sviyazhsk, Russia

The Sviyazhsky St. John the Baptist Monastery is located on the island of Sviyazhsk, 25 kilometers from Kazan. The monastery was founded at the end of the 16th century. It was a convent at the Church of the Nativity of Christ.

June, 2018

Kazan, Russia

The famous sculpture composition "Doveriye" in the streets of Kazan. "Doveriye" means Trust in Russian. It's a wonderful composition depicting children and a dog.

PHOTOGRAPHY

June, 2018

Moscow, Russia
